Title: Wicklander-Zulawski Interviewing Techniques for Auditors

This presentation will teach and reinforce the fundamentals of the **WZ Non-Confrontational Interview & Interrogation Method**. This non-confrontational interview format encourages the subject to admit to wrongful actions and discuss them truthfully. The WZ Method assists the Auditor to obtain the truth without confrontation. Learn to deal with the most common obstacles you face, responses you often hear, and the critical insights and techniques you need to be successful.
